**All About Animals:** Extra! Extra! Learn All About...Animals! Campers get to explore the amazing and wonderful world of animals. Through guest speakers, hands-on exploration and projects, campers will gain a better understanding of animals in the world and how to help them.

**Pet Partners! Dogs:** It's all about the Dogs! Campers will learn everything Dog. Through games, projects and hands-on learning experiences, campers will learn about what makes a dog a dog, dog behavior & training and what it takes to care for the dogs in our lives.

**Animal Careers:** What does your student want to be when they grow up? Campers explore various careers that involve animals. Guest speakers who work with animals will also be onsite to give presentations about how wonderful and rewarding a career helping animals can be!

**Animal Artists:** Love to create? Love Animals? This camp is the perfect combination for you! Using different media campers will create art about animals, for animals, and with animals.

**Rescue Me:** Campers will feel like superheroes when they learn that they too can help save animals in their community! Through hands-on activities and guest speakers, campers will gain valuable knowledge of the needs of animals in our area. Campers will also get to design their own rescue using the skills learned in camp!

**Vet Camp:** Is your camper interested in veterinary science? This camp is for every student wanting to learn more about veterinary medicine. In addition to learning about what veterinarians do, campers will participate in hands-on projects to learn about how to keep animals healthy and safe.

**Pet Partners! Cats:** Join the Humane Society of Harrisburg Area for a Summer Camp that will be simply "purrrrrrfect!" Campers will learn about cat behavior, genetics, and how to understand cat body language. At the end of this week, campers will be cat experts!
